6th July 2022

Dear Valued Customer,

Re: Barwon Foods Price Increase

Effective 11th July 2022, Barwon Foods will be implementing price changes on all potato products from Edgell, McCains and Golden Fries. The price rise will increase by 5 – 10 % depending on what brand/type your company uses. Please speak to your sales representative or call our office team to find out what your new price will be in the future.

Unfortunately, these price increases are due to the manufactures/suppliers rising costs and Barwon Foods is unable to absorb these as a company.

Please see our website: www.barwonfoods.com – under the supplier tab for notification letters from our suppliers.

We thank you for your ongoing support.

Kind regards,

Kon Tsoumanis
